Secure online orders

Most credit card orders are processed without delay, and your product key will be displayed in your browser window instantly after the transaction completes. You can simply copy and paste the registration data into the MedCalc [registration form](#) and start working immediately. You will also receive your product key by email.

When you prefer to pay using wire transfer, or money order, your purchase can take several business days to complete. After your order has been processed, you will receive a registration email with your MedCalc product key.

There are no shipping charges; you must download the software from the download area. All prices are exclusive VAT or sales tax. European Community countries: VAT regulations apply. All orders are subject to the [MedCalc License Agreement](#). Customer information is considered confidential and will not be shared or distributed to any third party.
